General Information

THEORY AND APPLICATIONS OF CATEGORIES (ISSN 1201-561 X) will disseminate articles that significantly advance the study of categorical algebra or methods, or that make significant new contributions to mathematical science using categorical methods. The scope of the journal includes: all areas of pure category theory, including higher dimensional categories; applications of category theory to algebra, geometry and topology and other areas of mathematics; applications of category theory to computer science, physics and other mathematical sciences; contributions to scientific knowledge that make use of categorical methods.

Articles appearing in the journal have been carefully and critically refereed under the responsibility of members of the Editorial Board. Only papers judged to be both significant and excellent are accepted for publication.

The method of distribution of the journal is via the Internet tools [www/ftp](http://www.tac.mta.ca). The journal is archived electronically and in printed paper format. The full table of contents is at www.tac.mta.ca/tac/

Subscription/Access to articles

Individual subscribers receive abstracts of accepted papers by electronic mail. Compiled TeX (.dvi), Postscript and PDF files of the full articles are available by Web/ftp. Details will be e-mailed to new subscribers and are available by [www/ftp](http://www.tac.mta.ca). To subscribe, send a request to: tac@mta.ca including a full name and postal address. The journal is free for individuals. For institutional subscription, send enquiries to the Managing Editor, Robert Rosebrugh, rrosebrugh@mta.ca.

Information for authors

The typesetting language of the journal is T_EX, and L_AT_EX is the preferred flavour. T_EX source of articles for publication should be submitted by e-mail directly to an appropriate Editor. They are listed below. Please obtain detailed information on submission format and style files from the journal's [www](http://www.tac.mta.ca) server at the URL: <http://www.tac.mta.ca/tac/> . You may also write to tac@mta.ca to receive details by e-mail.
